

**Vehicle Wash
Water Recycle System**

INDION EcoServe is a state-of-the-art system to treat and recycle vehicle wash effluent. The system enables you to save 80% water cost by conserving large volumes of fresh water. The system also meets stringent environmental discharge regulations.

Vehicle wash effluent primarily contains high levels of chemical oxygen demand (COD) and biochemical oxygen demand (BOD), petroleum hydrocarbons (oil, grease, fuels), heavy metals, cleaning fluids etc. Moreover, the vast volumes of water used for vehicle wash is drained, thus wasting an increasingly scarce and valuable resource.

INDION EcoServe removes free floating and emulsified oil, grease and suspended particles - organic and inorganic, as well as colour and odour. Thus, the recycled water is fit to be reused for vehicle washing.

The system uses electro coagulation (EC) or state-of-the-art ultra filtration (UF) membrane technology to provide best results. INDION EcoServe is available in various sizes starting at 500 l/h. The smaller systems use EC technology while, larger system use UF technology.

INDION[®] EcoServe

Efficient, Economical & Eco-friendly

INDION[®] EcoServe

Ideal for service stations & automobile manufacturers

Features and Benefits:

- ▶ A complete recycle system
- ▶ Saves over 80% of fresh water
- ▶ Compact, skid mounted system minimises installation time
- ▶ Fully automated - Intelligent control
- ▶ Easy to operate
- ▶ Low operating cost
- ▶ Excellent ROI
- ▶ Positive environment footprint
- ▶ Compliance with all regulatory norms
- ▶ Pan India service network **24/7 service**

Technical Specifications

INDION EcoServe	Electro Coagulation EC - 500	Ultra Filtration	
		UF - 2000	UF - 4000
Size (m)	2.30 (L) x 0.50 (W)	1.50 (L) x 1.00 (W)	2.00 (L) x 1.50 (W)
Capacity (l/h)	500	2000	4000

Water Quality

Parameter	Inlet	Outlet
Turbidity (NTU)	400	<10
Suspended Solids (PPM)	800	<10
Oil & Grease (PPM)	10	Nil
COD (PPM)	400	<100

Total Environment Solutions

Drinking Water Treatment | Effluent Treatment & Recycle | Sewage Treatment & Recycle
Creative Ownership Option - BOT/Lease | Complete Operation & Maintenance
